	Kris Pollock	√				
	Rebecca Greenberg-Ellis	√				
	Joined at 6:02 p.m					
	Dale Bernardoni	√				
	Kristin Smith					

Call To Order: 6:00 p.m. with a verbal roll call

Items/Discussion:

The board reviewed and discussed the proposed Chester Elementary budget document for 2021-22.

They reviewed changes made since the last workshop. These changes are due to a known change in personnel that has occurred resulting in a cost savings due to a lower salary and benefits budget requirement; as well as some requests made by the Board of Finance/ Board of Selectpersons which do not show up in the district’s budget total, but do reduce the capital request for inclusion in the town’s overall budget. The salary change is seen in the Supervision District lines, as that position is a direct bill to Chester by the Supervision District.

The Board is scheduled to vote on their proposed budget at their March 25th regular meeting. The Board requested no further changes to the proposed budget but did ask Administration to provide them with a little more information with regards to the proposed request to fund a building study at their next meeting, prior to their vote on the budget.

There was time for public comment. No comments made.

ADJOURNMENT:

On motion duly made and seconded, the board unanimously VOTED to adjourn at 6:52 p.m.
