

FOODSERVICE DEPARTMENT

September 9, 2021

As Almont Community Schools foodservice programs move to return to normal service menus, we are facing unprecedented issues with the supply chain that will cause us to alter our posted menus with little to no notice. This is due to limited product availability, nation-wide transportation challenges, and suppliers labor shortages. We are working closely with our distributors and manufacturers to secure both the food and supply items needed to support our program.

While it is our intention to serve the posted menu each day at every school, supply issues may not make this possible on any given day until supply chain issues are rectified. We will always attempt to substitute the scheduled menu item with another that is as similar as possible to the extent we are able to do so.

Please know that all students will continue to be offered meals that meet menu requirements, nutrition standards and student acceptability.

Thank you for your cooperation and understanding during these challenging times.

Stacy Moyer
Foodservice Director
