

Stay Connected with Internet Essentials *from Comcast*

As our country continues to manage the COVID-19 emergency, Comcast is taking immediate steps to help connect low-income families to the Internet at home. New Internet Essentials customers will receive two free months of Internet service, which is available to all qualified low-income households for \$9.95/month plus tax.

You may qualify for Internet Essentials if:

- You live in an area where Comcast Internet service is available.
- You are eligible for public assistance programs such as the National School Lunch Program, Housing Assistance, Medicaid, SNAP, SSI and others.
- You do not have outstanding debt to Comcast that is less than a year old. Families with outstanding debt more than one year old may still be eligible.
- You are not an existing Xfinity Internet customer and have not subscribed to Xfinity Internet in the last 90 day.

Apply by April 30, 2020 by calling call 1-855-846-8376 or visit www.internetessentials.com/covid19

Additionally, for all new and existing Internet Essentials customers, the speed of the program's Internet service has increased to 25 Mbps downstream and 3 Mbps upstream. That increase will go into effect automatically for no additional fee and it will become the new base speed for the program going forward.

Xfinity Wi-Fi Free for Everyone: Both customers and non-customers can access outdoor and small business-based Xfinity Wi-Fi hotspots for free for the next 60 days. Xfinity customers can download the Xfinity Wi-Fi_33 app and find the nearest hotspot on the map view. Non-customers can find their nearest hotspot by visiting <https://wifi.xfinity.com> and entering their zip code.
