Baltimore County Public Schools Face Covering Guidelines

One of Baltimore County Public Schools’ (BCPS) highest priorities is to ensure the health and safety of its community including employees, students, and the public. The Centers for Disease Control and Prevention (CDC), the Maryland Department of Health (MDOH), and the Maryland State Department of Education (MSDE) advise that people who may be infected with COVID-19 (whether asymptomatic, symptomatic or pre-symptomatic) play an important part in reducing community spread. The use of face coverings by everyone can limit the release of infected droplets when talking, coughing, and/or sneezing.

1. GENERAL GUIDELINES: Subject to the exceptions set forth below, each student, employee, visitor, vendor, or other person is always required to properly wear a face covering while at or inside a school/facility, school bus, or other vehicle owned, leased or operated by the Board of Education. Properly wearing a face covering requires the person to cover both the nose and mouth with a face covering that fits snugly on the person’s face without large gaps. A face covering may be factory made or hand sewn and must be appropriate for school. It should not have a valve.

A. EXCEPTIONS: Face coverings will not be required in the following instances:

I. For All (Students, employees, vendors, and visitors):
   a. Infants: A face covering shall not be required for persons younger than two (2) years of age;
   b. Persons with Disabilities: A face covering shall not be required for persons who are unable to remove it independently, or who are developmentally unable based upon the cognitive, sensory, and/or adaptive needs as outlined on a student’s existing Individualized Education Program (IEP) or 504 plan;
   c. Identification: Administrators, security staff, and other appropriate employees may ask someone to briefly remove their face covering to verify their identity. Physical distance will be observed during these requests, whenever possible.

II. For Students:
   a. Regularly Scheduled Mealtimes: A face covering shall not be required for any person inside or outside a school district facility while such person is eating during a planned mealtime;

d. **Medical Certification**: A face covering shall not be required for students who have a bona fide medical or physical contraindication that prevents the student from being able to safely wear a face covering. In these circumstances, the parent/guardian of the student may submit medical documentation of the need for the exemption from a health care provider to the Office of Health Services;

e. **Demanding Circumstances**: A face covering will not be required if a student is experiencing acute trouble breathing, is unconscious or incapacitated, or is personally unable to remove the face covering without assistance.

### III. For Employees:

a. **Alone in Private Workspace**: A face covering shall not be required when an employee is alone in a private workspace, such as an office, county-owned vehicle cubicle, or classroom. If another employee or student is present, the employee must immediately don a face covering.

b. **Employees with Supervisor’s Approval**: A face covering shall not be required when the school system official supervising an employee authorizes the employee to remove their face covering when wearing a face covering would create a safety risk to the person as determined by local, state, or federal regulators or workplace safety guidelines. If this occurs, the employee must maintain physical distancing (six (6) feet minimum) from other persons;

c. **Regularly Scheduled Mealtimes**: A face covering shall not be required for any employee inside or outside a BCPS owned building or vehicle while the employee is eating during a planned break or mealtime provided that the employee maintains physical distancing (six (6) feet minimum) from other persons when not wearing a face covering;

I. Commercially Produced Face Coverings: Commercially produced surgical masks or respirators are acceptable for compliance with these guidelines;

II. Cloth Face Coverings: Cloth face coverings are acceptable for compliance with these guidelines provided that the face covering covers both the nose and mouth of the person and fits snugly on the person’s face without large gaps. The U.S. Center for Disease Control has issued instructions on how to make a cloth face covering at: https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/how-to-make-cloth-face-covering.html;
