Request for Fee Acceptance Construction Inspection Services at Various Elementary Schools September 9, 2002

In order to provide for construction inspections for the Phase II Elementary Schools under the Major Maintenance Renovation Program, the Department of Physical Facilities has utilized the services of the consultants previously under contract with 3D/International. On July 9, 2002, the Board approved contracts with nine of these consultants.

At this time, the Department of Physical Facilities requests approval of an additional inspection contract with the firm of NFE, Inc. in the not-to-exceed amount of \$25,000.00. Funding for these services is available from the Capital Budget Project #665 – Major Maintenance.
