Appendix I

Request to Negotiate On-Call Civil/Structural Engineering Services January 28, 2003

To address numerous requests for investigations, preparation of construction cost estimates, and developing designs for various civil and/or structural systems, the Department of Physical Facilities requires the use of consultants on an "on-call" basis. In order to obtain these services, an on-call civil/structural engineering service contract was advertised. All procedures in the Board of Education's Policy and Rule, Section 3250 were followed to advertise, qualify, interview, and select consultants.

In December 2002, the Qualification Committee met and reviewed the "expressions of interest" submitted by thirteen (13) consultants. This information was reviewed and graded with the Qualification Committee stating that four (4) qualified firms should be considered by the Selection Committee.

The Selection Committee met on January 15, 2003 to discuss the Qualification Committee's report and discuss the consultants' "expressions of interest." The Selection Committee recommends that approval be given to begin contract negotiations with the following four firms:

KCI Technologies
Wallace Montgomery & Associates
Johnson, Mirmiran, & Thompson Engineering
Whitney, Bailey, Cox & Magnani

APPROVED:

Donald F. Krempe, Ph.D.
Executive Director
