Request for Approval of Property – Windsor Mill School Site

## Appendix I

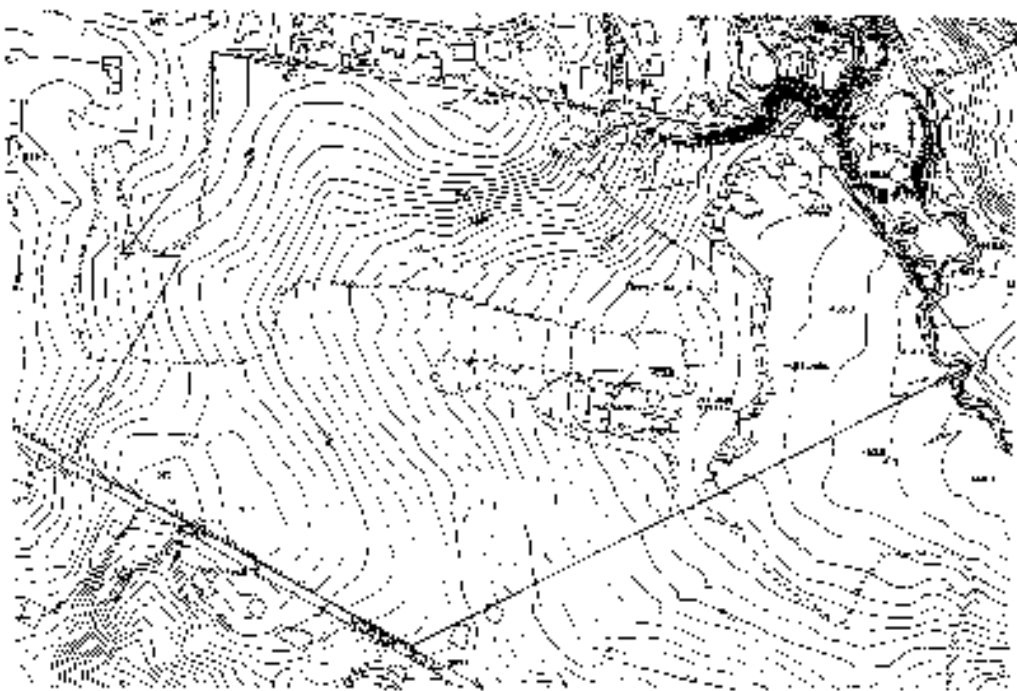

### **Request for Approval of Property Windsor Mill School Site March 11, 2003**

In 1969, the Board of Education purchased a proposed school site in the western area of Baltimore County. This 38-acre site is located on the northwestern side of Windsor Mill Road approximately 2,200 feet southeast of Old Court Road. A drawing depicting this property is attached. In order for the Department of Physical Facilities to develop this property as a school, the State Superintendent of Schools, as well as the Interagency Committee for Public School Construction requires that the Board of Education approve the use of this site. At this time, we are requesting the approval of the Board of Education to use this site for the proposed Windsor Mill School.

APPROVED:

Donald F. Krempe, Ph.D.  
Executive Director
