**POLICY ANALYSIS**

Board of Education Policy 4008

Personnel: General

*Obligations of Employees of the Board of Education of Baltimore County*

Statement of issues or questions to be addressed by the proposed policy

In its work over the past year, the Policy Committee has noticed that a number of policies address employee misconduct and that others relate employee prohibitions to specific statutory, regulatory or policy requirements. However, no single policy clearly outlines an employee's responsibility to obey the law, or even to follow a supervisor's directives. While this connection may appear to be evident, the Committee desires that the standard be explicitly stated in policy. Thus, the proposed policy articulates an employee's responsibility to follow the law, regulations and Board policy in performance of his/her duties.

Fiscal Impact on the school system

No fiscal impact is anticipated or contemplated by this revision.

Relationship to other Board of Education Policies

Various policies address prohibited conduct, including: Policy 4005, Dating or Sexual Relations Between Staff and Students; Policy 4006, Telecommunications Access to Electronic Information, Services and Networks; Ethics Code Policy, 8363, Conflict of Interest; Policy 4001, Drug Free Workplace; Policy 4004, Suspected Child Abuse, Neglect and/or Inappropriate Behavior Towards a Student by an Employee of the Baltimore County Public Schools, and Policy 4003, Sexual Harassment. Additionally, numerous policies and rules establish the Board's expectations for employee conduct and duties. (See, e.g., Policy 4002, Precepts, Beliefs and Values and Policy 1110, Communications with the Public)

Legal Requirements, such as federal, state or local laws or regulations

The Education Article permits a local board to discipline or discharge certificated employees, while local superintendents may discharge and discipline non-certificated employees. Section 6-202 of the Education Article of the *Annotated Code of Maryland* provides in pertinent part, that "a county board may suspend or dismiss a teacher, principal, supervisor, assistant superintendent, or other professional assistant for misconduct in office, including knowingly failing to report suspected child abuse in

violation of §5-704 of the Family Law Article.” The Family Law Article, in turn, requires educators to “immediately notify and give all information required” concerning suspected child abuse and neglect. Note, however, that there is no legal requirement that each board of education adopt a policy similar to this proposal.

*A draft of the proposed policy*

See attached

*Other alternatives that were considered by the Board members*

The Board Committee considered including a prohibition or admonition in each Board policy, but determined that such a method might become unwieldy. Additionally, it was discussed that such a method might overlook certain future prohibitions.
