ORIGINATOR: Barbara E. Walker, Assistant Superintendent, High Schools

RESOURCE PERSON(S): Edmund Mitzel, Principal, Pikesville High School

RECOMMENDATION

That the Board of Education approves the installation of an audio visual screen in the auditorium of Pikesville High School

In accordance with Superintendent's rule #7330, Pikesville High School is proposing the installation of the audio visual screen be approved.

The purchase and installation of the audio visual screen at Pikesville High School is privately funded by the Pikesville High School PTSA. All work will be performed by Baltimore County Public School approved vendors.

Installation will support students, staff, and community activities. This will allow large groups of students to view pertinent media in one location to support the curriculum. It will also allow students and community to come together in support of programs such as the annual Distinguished Alumni celebration.
