ADMINISTRATIVE AND SUPERVISORY PERSONNEL

Statement of Issues or Questions Addressed
In accordance with Board of Education Policy and Superintendent’s Rule 8130, Policy 2000 is scheduled for review in school year 2013-2014. Policy 2000 outlines the Board’s intent to create administrative and supervisory positions to support the school system’s goals. Staff is recommending that the policy be deleted, because the creation of positions to further the goals of the school system is already contained in Board Policy 8120 and the process of approving these positions is found in Department of Human Resources’ procedures. As such, staff believes Policy 2000 is redundant and can be deleted.

Statement of Issues or Questions Addressed
In accordance with Board of Education Policy and Superintendent’s Rule 8130, Policy 2111 is scheduled for review in school year 2013-2014. The Board has indicated its desire to delete policies that merely restate the law; as such, staff is recommending the policy be deleted.

The contracting for these consulting services are in direct response to the recommendations from the special education audit to develop an *Individualized Education Program (IEP) snapshot* that provides essential information for instructional and behavioral support to teachers and other personnel who have no need for the full IEP to implement a student’s identified services. The consultant will also develop strategies to assist in the collection of the data and system functional requirements, and will provide written procedures and training documentation to support a standard method of documenting the provision of related services to students with disabilities. This will also include professional development to related service providers regarding the utilization of technology to enhance documentation for students with disabilities. The recommended consultant has many years of experience in information technology and special education.

As a response to the recommendation from the special education audit to develop a single standard operating procedural manual for special education, the consultant will assist staff in the development of a Special Education Standard Operation Procedural Manual that will define BCPS’ procedures to ensure compliance with state and federal regulations regarding provisions for students with disabilities. Directory Information Opt-Out

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that Baltimore County Public Schools (BCPS), with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, BCPS may disclose appropriately designated “directory information” without written consent, unless you have provided written notice to the school system to the contrary.

In accordance with Superintendent’s Rule 5230, Student Records, BCPS has identified the following information as “directory information” and releases the following information without parent consent: student’s name, address, date of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received.

Federal law also requires that BCPS provide names, addresses, and telephone numbers of secondary school students to military recruiters or institutions of higher education that request the information, except where the parent or eligible student opts out by notifying the school system in writing that he/she does not consent to the release of this information.

To opt out means that a parent/guardian or eligible student is not permitting BCPS to share a student’s directory information. If you do not express your preferences, you are giving BCPS permission to disclose your child’s directory information upon request.

Note: If you “opt-out" of the release of directory information, BCPS will not release your child’s directory information to anyone, including, but not limited to: Boys and Girls Clubs, YMCA, scouts, PTA, booster clubs, yearbook/memory book companies that take photographs at schools, and/or other agencies and organizations.

☐ DO NOT release my child’s directory information to anyone.
☐ DO NOT release my child’s name, address, and telephone number to military recruiters.
☐ DO NOT release my child’s name, address, and telephone number to institutions of higher education.

Differentiated Tiered School Model

- Tier III: High level of differentiated supports (More central staff-directed. Less self-directed.
- Tier II: Moderate level of differentiated supports
- Tier I: Low level of differentiated supports (Less central-staffed directed. More self-directed)

Expected Outcomes

- Graduating on Time
- College and Career Prepared
- Leaders in the global society

Contacts – Middle School office 410-887-8760  High School Office 410-887-8767

Additional information-

- All 11th grade students will be taking the SAT on April 30th in their high schools
- Holabird MS looks like a different school than last year. Eighth graders are helping fourth graders. All students are engaged and using a personal device. They are a Tier II school and work with two assistant superintendents.

Public Questions and/or Comments:

- Concerns were raised regarding other feeder schools leading into Dundalk HS since Norwood ES and Holabird MS have a STEM focus and have more technology. This leaves the students at Dundalk MS, Logan ES, Dundalk ES, Colgate ES, and Berkshire ES entering Dundalk HS without that background. How will they prepare those students to compete with the students who receive this special curriculum? Dundalk MS will have an 8th grade STEM course.
- Other items discussed were Project Lead the Way, The Cyber Security and Defense Program and HS students being able to take CCBC classes for free if they meet certain criteria.

Presentation Period Ended 7:53 PM

After the presentation Mr. Shouldice and Mr. Weglein took the Advisory Council members on a tour of the new facility.

Advisory Council Meeting

The council met briefly:

- The building conditions and programs at Norwood ES (STEM – no magnet funds) and Holabird MS (no faculty bathrooms). Both schools have traffic issues. We will be at Holabird MS in November and will tour the facility.
- Joint Advisory meeting on September 12th from 6:30-7:30PM. Kim is set to be approved tomorrow night at the Board of Education meeting. She will join Sandie Skordalos and I at this meeting if she is appointed to the SE Advisory Council.

Minutes  

Meeting called to order: 7 PM  
Advisory Council Members: Bill Bafitis, Kim Barnhouser, Jackie Brewster, Bonnie Saul, & Sandra Skordalos  
Attendees: Stephen Bender (Logan ES – Principal), Aimee Freeman (PTA Council of Baltimore County – Advocacy Chair), Jeff Grim (Chesapeake HS – Principal), Roger Janssen (Board of Education), Craig Reed (Patapsco HS - Principal), George Sarris (Office of Budget and Reporting - Director) Tom Shouldice (Dundalk HS – Principal), Sam Wynkoop (Sparrows Point HS - Principal) & Michael Weglein (Sollers Point Technical HS – Principal)  
Speakers:  
Maxine Erickson (Dundalk HS - PTSA President)  
“Good Evening. I am Maxine Erickson, Dundalk High’s PTSA President. I want to thank the Southeast Area Educational Advisory Committee for the chance to offer input for next year’s FY 2015 budget.  

We are excited to be in our new building after five years of planning, construction and anticipation. Students and faculty are responding with increased attention to instruction. Kids seem much calmer, and I know that the air conditioning is making a huge difference in the classrooms. We are very proud of our new community school.  

Dundalk continues to make academic progress even as our student body continues to change. Currently, Dundalk has 1324 students. This is 64 students over the school projected enrollment and staffing. And, students continue to enroll. Many of these students have special needs or are English Language Learners.  

In addition, the school’s operating budget has been reduced. Restructure funding which had helped Dundalk make academic and social strides has been eliminated. This along with the prior years’ reduction in staffing makes it increasingly difficult for the school to make progress.  

For next year’s budget, we request that there be no further reduction in staff at Dundalk and that the school be staffed based on the needs of our Dundalk population. In addition, we request that the school receive the necessary maintenance of effort operating funding to continue to make progress. We don’t want to see the investment in Dundalk reversed.  

We want to thank the Board for their continued support of Dundalk High School. Now that the school is open, we invite everyone to come for a tour.  
Thank you for allowing us to share.”

We want to know where Patapsco HS is on the renovation schedule. Realistically, when do you anticipate renovations to begin at Patapsco? Why are we scheduled to get windows and doors? Is this part of the renovation?  
Thank you for the stadium!  
Area around the trailers is not secure. Getting in and out of the building to use the trailers is very difficult. Why do we not have a card key system at Patapsco like they have done with other schools that have trailers?
Student bathrooms are awful. Technology is needed for testing. While testing is going on in the building other classes cannot use the equipment/ labs. There is always testing going on at Patapsco HS due to its unique schedule.

They need to make upgrades to the entry system for school safety. There needs to be a better plan to support students who are not going to college. What resources are available to these students? We need CTE programs and internships.

We need staffing especially in Special Education to meet the needs of our students.

Our building needs to be completely renovated and air conditioned.

Advisory Council addressed some concerns for the overall southeast area schools:

We spoke about the need for adequate staffing. Smaller class sizes create a better learning environment. They need to look at how they allocate teachers. Split classes are not the best answer. You can have 28 kids in 3rd and 5th grade classes and 18 in 4th grade. The average class size does not tell the complete picture.

High schools need to be renovated. Many across the county are in very bad condition. This is not unique to any area.

Enrollment seems to be up in many of our schools.

At the newly renovated Holabird MS grades 4-8 campus, they need an overhang for the 4th and 5th grade entrance. The testimony portion ended at 7:32PM.

The SE advisory council met briefly to discuss the priorities for our area and address other concerns.

We spoke about our concerns after attending the Joint Advisory Council meeting. We were not provided with any answers to our concerns or how we will operate in the future. We were told we will be given a schedule regarding policy that will be coming before the board. We are waiting to hear about the follow up meeting that is supposed to occur.

We appreciate the attendance of Mr. Janssen from the Board of Education and Mr. Sarris from BCPS at our meeting. We welcome their future attendance at our meetings.

Special thanks to Mr. Weiglein and Mr. Shouldice for hosting our dinner and to the Chefs and students of Sollers Point Tech. HS for preparing a delicious meal. It is always a pleasure to see our students being prepared for their future.

Meeting adjourned: 8:35 PM
