August 25, 2021

Dear PHS Families,

I hope that this letter finds you all well and relaxed! It is hard to believe how quickly the summer passes. Hopefully, everyone has enjoyed the break and is ready to return, energized for another exciting school year!

Thursday, September 2, 2021 is the first day of school for all students. As you are aware, all instruction will occur in-person and students will have full days of school. Please refer to the Re-Entry Plan sent home last week for more detail. For your convenience, you can also find it [here](#).

Schedules are now available in the Genesis Parent Module, accessible to both parents and students. Please note that students were given ample time to make course selections this past spring, and that schedule adjustment requests are limited. If your schedule adjustment request meets any of the criteria listed below, kindly complete the [Schedule Adjustment Request Form](#) and a counselor will contact you. The link to the form can also be found on the school website.

- Student is scheduled for a class they already passed.
- Student is scheduled for a class with a teacher in which they failed a course.
- Student is a senior and is missing a graduation/college acceptance requirement.
- Student is in the incorrect level of that course (should be in honors but is in academic or vice versa).
- If a schedule is incomplete.

I look forward to seeing all of our PHS students back on campus on Thursday, September 2. Until that time, enjoy the rest of your summer.

Respectfully,

Chris Baldassano

Chris Baldassano
Principal
